By James Day

### **Item 3 - Items for Decision**

### **Item 4: Things to discuss**

→ Backend (Lambda Consultings work on the website)

James: Oliver started work, the website has not been backed up for 5 years. All of our content has been put in a zip file so the website wont shut down.

Options:

1-Change our current backup sponser to Dropbox which has more storage. Hannah will be main point of contact now. Work on the backend will be staggered out now. Charged for 3 hours.

Done hopefully before the start of semester.

All agree on transitioning to Dropbox.

→ IAC update

## IAC Update

Sponsored event opportunity with IAC and Woroni.

Planned catch up with IAC, work out the financials and resources to work out what is necessary.

Work out whether we could potentially have signage, promotion and coverage.

→ Update on applications and hirings

Reporters: been a slow up take

Visuals: It will be put out this week.

→ Market day

Everyone put in their availability

→ Purchasing podcast gear

Need to purchase gear as soon as possible. Will be in contact with Richard about what is bought, receipts and financial records will be kept on record.

## **Item 5-Other Business**

End of meeting: 6:30
